

## **Global Net Lease, Inc. Announces Its Successful Execution of \$187 Million CMBS Facility**

**NEW YORK, October 30, 2017** – [Global Net Lease, Inc.](#) (“GNL” or the “Company”) (NYSE: GNL) announced today the closing of a new commercial mortgage-backed facility (the “CMBS Facility”), yielding gross proceeds of \$187 million. The CMBS Facility carries a fixed interest rate of 4.37% and a 10-year maturity in November 2027, encumbering a pool of twelve U.S. based assets.

The CMBS Facility improves GNL’s capital structure by extending the Company’s weighted average debt maturity from 3.1 years to 3.9 years, while also locking in a fixed interest rate for the next 10 years. Proceeds will be used to pay down approximately \$120 million outstanding under GNL’s corporate credit facility, for general corporate purposes and maintains flexibility to make future acquisitions.

“We are pleased with the successful placement of GNL’s new CMBS facility” said James Nelson, Chief Executive Officer for GNL. “This facility provides GNL with long-term, fixed-rate capital, and is another example of our focus on repositioning our capital structure and our ability to partner with major financial institutions to access the capital markets and secure attractive financing.”

Additional details regarding the CMBS Facility will be available in GNL’s Current Report on Form 8-K to be filed with the Securities and Exchange Commission.
